THE NUSA DUA FORUM **AAA RECOMMENDATIONS**

6 - 7 AUGUST 2018

ACKNOWLEDGE, ACT, ADVANCE

RECOMMENDATIONS

Government and Business to take action to eradicate human trafficking, forced labour, modern slavery and the worst forms of child labour across the Indo-Pacific region.

As an initiative of the *Bali Process on People Smuggling, Trafficking in Persons and Related Transnational Crime (The Bali Process)*, the Bali Process Government and Business Forum (GABF) brings together business leaders and ministers from across 45 member states to contribute to the eradication of human trafficking, forced labour, modern slavery and the worst forms of child labour across the Indo-Pacific region.¹

The Acknowledge, Act and Advance Recommendations (AAA Recommendations) set out a pathway for both business and government to contribute to the eradication of these transnational crimes. Implementation of the AAA Recommendations will increase momentum toward achieving Target 8.7 of the 2030 Agenda for Sustainable Development, which calls for immediate and effective measures to be taken to eradicate forced labour, end modern slavery and human trafficking and eliminate the worst forms of child labour.

To contribute effectively to the eradication of these transnational crimes, business and government need to *acknowledge* the scale of the problem, *act* to strengthen and implement policy and legal frameworks and *advance* efforts over the long term. This should include clear and consistent standards for ethical recruitment and treatment of workers, supply chain transparency and redress mechanisms.

- » **ACKNOWLEDGE** encourages deeper understanding by business and government of the scale of, and challenges associated with these transnational crimes. These crimes also undermine economic growth by contributing to inefficient labour markets, depressing wage rates and causing significant social costs. Consumer and investor choice is also increasingly driven by ethical considerations.
- » **ACT** encourages businesses to implement ethical business practices and governments to strengthen policy and legislative frameworks. Clear and consistent policies and legislation also offer an attractive investment destination for business. Consistency across jurisdictions will encourage business to act.
- » **ADVANCE** recognises that the GABF is at a pivotal stage of development. The GABF's Business Co-Chairs and Secretariat will develop a governance framework that ensures the ongoing sustainability and effectiveness of the Forum.

The AAA Recommendations recognise that businesses and countries represented within the GABF come from diverse backgrounds and need to be implemented according to specific contexts and capacities.

¹ GABF is Co-chaired by the Foreign Ministers of Australia and Indonesia, together with Business Co-chairs, Andrew Forrest (Chairman, Fortescue Metals Group) and Eddy Sariaatmadja (Chairman, Emtek).

ACKNOWLEDGE

RECOGNISE AND COMMIT

Business and government acknowledge the need to contribute to the eradication of these transnational crimes from public and private supply chains across the Indo-Pacific region.
